

IEEE INTERNATIONAL CONFERENCE “Nanomaterials: Applications & Properties” Riga, LATVIA | Sep. 5-10, 2027

CALL FOR NOMINATIONS: INVITED SPEAKERS

In preparation for IEEE NAP-2027, we are seeking recommendations for invited speakers. Nominations of female researchers, early-career scientists, and individuals from underrepresented groups are especially encouraged and will be given the highest priority.

Nominations may be as simple as the candidate's name, email address, and proposed talk topic, accompanied by a short justification, an abstract, or a relevant recent publication.

Please submit nominations to info@ieeenap.org or via this form: <https://bit.ly/3N5rRQU>.

In addition, the Program Committee may select a small number of contributed abstracts presenting late-breaking results for elevation to invited status.

Please note that a nomination does not guarantee an invited talk. Selected invited speakers will be contacted directly by the Program Co-Chairs in early 2027.

Nomination deadline: December 1, 2026.
